# “Multistakeholderism” and “Multilateralism”

## Multistakeholderism

Liberal State

ICANN/IETF  
(consensus approach)

National sovereignty  
(led by private sector)

TCP/IP  
(IETF)

## Multilateralism

Authoritarian State

ITU  
(vote by the government)

Cyber sovereignty  
(led by the government)

New IP  
(ITU)
